Amit Verma

SUMMARY:
Results-driven Backend Developer with 5 years of experience in designing and implementing robust backend systems. Proficient in Python and Django frameworks, with a strong focus on database management using PostgreSQL. Based in Bangalore, Karnataka, and passionate about building efficient and scalable web applications.

EXPERIENCE:

Software Engineer
TechSphere Solutions, Bangalore, Karnataka
June 2020 ? Present
- Developed and maintained RESTful APIs using Django, enhancing application performance by 30%.
- Collaborated with frontend developers to integrate user-facing elements with server-side logic.
- Optimized PostgreSQL database queries, reducing data retrieval times by 25%.

Backend Developer
InnoTech Labs, Bangalore, Karnataka
July 2018 ? May 2020
- Designed and implemented backend microservices architecture, improving system modularity and scalability.
- Conducted code reviews and mentored junior developers in best practices for Python and Django.
- Managed database migrations and performance tuning for PostgreSQL, leading to a 20% increase in efficiency.

Junior Backend Developer
CodeCrafters, Bangalore, Karnataka
June 2017 ? June 2018
- Assisted in the development of web applications using Python and Django, focusing on backend functionality.
- Implemented automated testing procedures to ensure code quality and reduce deployment errors.
- Contributed to database schema design and optimization processes for PostgreSQL.

SKILLS:
Python, Django, PostgreSQL

EDUCATION:
Bachelor of Technology in Computer Science
National Institute of Technology, Karnataka
Graduated: 2017
